Automobile Owners, Attention!

Having purchased the interest of the Mulvane Motor Car Supply Co., I am now prepared to take care of your automobile business in all its branches.

I can supply anything imaginable pertaining to automobiles and am equipped to do all classes of auto repairing. A visit through my establishment will be of great interest to every automobile owner—particularly

Visiting Kansas Merchants

who are handicapped by inadequate repair facilities in their own localities. I especially call attention to my tire dept. It is equipped to vulcanize, retread and handle repairing of tires in general.

I have the facilities, the men, the machinery and the material to do all classes of auto repairing correctly.

I invite the Kansas Merchants to come in and "size us up"—the largest concern of its kind in the state.

Drive to Topeka in your car—we can give you excellent garage accommodation.

ENDORSE CHAUTAUQUA.

Commercial Club Directors Place Seal of Approval on Association.

At the meeting of the board of directors of the Commercial club this afternoon the Topeka Chautauqua Association was approved, and the club adopted the following resolutions:

"Whereas, at the meeting of the Commercial club in the club rooms June 11, 1909, endorsing the Topeka Chautauqua Association for the current season and referred the matter of assistance to the same to board of directors with power to act.

"Therefore, be it resolved that the board of directors of the Commercial club, of the Topeka Chautauqua Association for season 1901 we approve and recommend to business men for financial support and personal enthusiasm and aid. We suggest that an 'all together pull' by all our business men would assure a good meeting and not be a burden upon the individuals and purchasers of tickets who for \$2 can obtain over 30 entertainments of first-class talent and ability."

Mayor Green introduced the subject to the board of directors at the meeting this afternoon and his excellent talk was supplemented by Harry Larimer. Their remarks were spoken for the Chautauqua Association. Henry McAfee who is assuming the executive power of the association during the absence of W. W. Mills also spoke of the merits of the entertainment.

HARVEST HAND HURT.

Henry Scher Drops Off Train and Is Injured.

The first "harvest hand" accident of the season occurred last night when Henry Scher, a young man en route to the harvest fields, failed to make proper connections with a westbound Rock Island freight. He fell from a side ladder and one foot was painfully crushed under the wheels. His partner, a boy about his own age, 21, saw the accident, dropped off the train and assisted Scher to town in search of medical attention. The boys first came to the police station, but the police refused to give them any assistance. In the middle of the night, Dr. Keith was called, and sent Dr. Amis to care for the injured boy. The wound was dressed, and Scher taken to the Provident association, where he will be cared for until something can be done for him. His partner who stuck to him is hustling around in search of a job to pay his expenses and care for Scher until the latter is able to travel. Neither of the boys are professional hoboes. They could not get work at home—St. Louis—and started to the wheat fields without sufficient funds to pay their fares.

MRS. DICKINSON ILL.

Founder of Kings Daughters Worries Over a Lawsuit.

New York, June 19.—Mrs. Mary Low Dickinson, the venerable authoress and founder of the International Order of Kings Daughters, is quite ill at her home here, it was announced today, following a lawsuit in which a judgment of \$10,000 was given against her recently in favor of a Boston publishing house. The friends of Mrs. Dickinson, learning of her illness, because of worry over the lawsuit, took up the matter and as a result a rehearing of the case has been granted by the courts and is scheduled to start on Monday, but it is not likely that Mrs. Dickinson will be able to leave her home then. The suit was the outcome of a misunderstanding, the famous writer and teacher having signed a contract to purchase a de lux edition of foreign authors and at the time she had not thought that the price would be any where near what was eventually demanded.

There are times when a person needs credit. The next time you need something in the clothing line take advantage of our easy payment plan of \$1.00 per week. Ridgely, 114 W. 8th.

"The Art Loft"

I would like to have you see "The Art Loft." I am now prepared to undertake anything photographic. Developing and finishing for amateurs done with paintaking attention. High class portraiture and enlarged platina bromide portraits are given a most prominent place in my work. Views and interiors also have my best attention and work of this kind is solicited. I have been most successful in home portraiture. This class of work is to be thought of seriously and I would be pleased to have you call me up over either phone about it, if you have the time. My studio is in the Crawford Building--5th and Jackson.
